Drop Off and Pick Up

Swell Ride has two convenient locations, we drop off and pick up daily at each. Quiet Water Beach is at Pensacola Beach and Bayview Park is in Pensacola. During drop off, we give you the SUP or kayak and review all items in the bag and any additional items you rented. Then we sign you out electronically and off you go.

During pick up, we check to see that all gear is returned in good working order and then sign you out.

Rental Times

All kayaks and paddle boards are FULL day rentals only. This allows you to get the most out of Portable Fun For Everyone!©

Motorized skiff rentals are by appointment only. You can decide your schedule during check out for either half day or full day skiff rental.

Cancellation Policy

Gulf weather can be unpredictable. If you decide, for any reason not to go out, we will refund in full with 24 hour notice. Same day cancellations will receive 50% refund. No shows will not receive any refund.

*Florida law prohibits water sport rentals with weather conditions that have sustained winds of 22mph.

Detailed Booking Information

Our #1 goal at Swell Ride is to make sure you have a fun day. We do that by only providing full day rentals so you can enjoy your day, your way. We have two convenient drop off and pick up locations: one near downtown to access the bays and bayous and the other is at the beach. We include a life vest and marine whistle to cover your safety requirements and we have a few accessories to enhance your adventure.

Safety

Swell Ride wants to make sure you have a safe, fun experience and so does the state of Florida. The Fish and Wildlife Commission (FWC) provides a safety boating and paddling check list that you can review prior to renting here. We will also review at time of rental. A life vest and marine whistle is included with all rentals.

FREE Delivery

Swell Ride is a mobile delivery business. All of our drop offs and pick ups are always FREE!

Convenient Add-ons

Swell Ride has a few accessories to help make your rental a little more enjoyable.

Fluke Anchor: For Kayaks or Paddle boards

If you plan to explore an island, stop off at a restaurant or want to stay in place a few feet from shore, a fluke anchor is perfect. You can connect multiple boards or kayaks together and just drop the anchor in the water.

Hitchhiker Waterproof Pouch: For all Rentals

It's a waterproof pouch that keeps your phone, wallet and keys dry.

Inflatable Seat: For Paddle Boards

The inflatable seat adds a new element to paddle boarding. If you need a break from standing or the water gets a little rough, this sturdy and super comfortable seat gives you the option to sit and paddle without compromising your ability to stand up. It turns a paddle board into a hybrid kayak.

Electric Pump: For Kayaks and Paddle Boards

All kayaks and paddle boards come with hand pumps but if you prefer the ultra convenience of not having to inflate your rental by hand, we offer high quality electric pumps. They easily inflate the kayaks and paddle boards in a few minutes, getting you out on the water in no time!
